On the Tutorial Listing page you'll see a list of tutorials your organization has either required or has made available to you -- if the list does not specifically state "Required", it's possible that not all on the list are required (your organization should have provided a list for you in this case).

**Take notice of any articles in the News & Information area to the right of the page.**

### 6) Viewing Tutorials

To view a tutorial, click **START** to the left of any title in the list. Your progress is saved after each slide completes, so you may complete a tutorial in several sessions.
