

Minutes
Community Outreach Committee
August 8, 2016

Our mission: Engage the Community and Build a Vision

Discussed holding several focus groups in each community in community members homes. Two committee members would go to each gathering.

In the spring we will hold a larger meeting with the community at large.

We will do our outreach through various community organizations such as the school PTOs as well as groups like the Vergennes Partnership.

How can we use social media?

We need a calendar accessible to everyone. It was mentioned that the ANWSU website has a calendar.

We will share what the ANWD Board is doing. We will share what we can about negotiations and put a positive spin on the school district and the teachers.

We will follow Roberts Rules for small boards. We need to post minutes. We need a chair and a clerk.
