

## **ANWSD Policy Committee minutes**

3/20/2017

Present: Stephanie Taylor, John Stroup, George Lawrence, Tom Borchert

Absent: Sue Rakowski

We reviewed several policies from previous meetings and a slate of new policies.

We finished our revision of C1: Student Records, C2: Student Drugs and Alcohol and c5 Firearms. The Procedures associated with C2 will be revised and may be submitted in the future.

We also examined and are moving forward for the consideration of the Board policies on instruction. These were D1: Proficiency Based Graduation Requirements, D2: Grade advancement, D3: Computer Use, D4: Title 1 Compatibility, D5: Animal Dissection, D6: Class Size Policy, D20: Curriculum Development and Coordination, and D21: Educational Support System.

A number of the policies we have reviewed over the year call for the superintendent to put together a set of instructions and/or an annual report to the board. We discussed the need to compile a list of these instructions and reports to help the superintendent develop a plan for implementing and reporting.
